

How did the Shenandoah River Basin Project start?

- Private funding to a “Partnership”
- Build capacity of existing groups in the Basin to address water quality issues

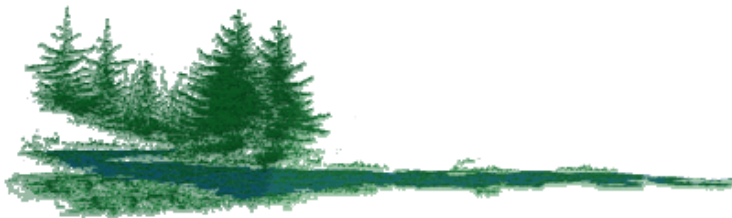

Water Window

- Web-based GIS tool
- Based on citizen monitoring data
- Created in partnership—PureWater 2000, JMU, CVI

On-Going SRB Projects

- Shenandoah River Roundtable
- Friends of the North Fork stream crossing project

More Projects

- Friends of Blacks Run Greenway stream restoration project

Projects Continued...

- Friends of the Shenandoah organizational development
